

PUBLIC EMERGENCY BRIEFING: WHAT CAN I DO NOW?

- **Keep informed - things evolve**

Get up-to-date information from Lightfoot via:-

- Website: <https://lightfootenterprises.org/>
- E-mails: Subscribe to Lightfoot's e-mails via the website's Home page or climateaction@lightfootenterprises.org
- Come to the Lightfoot 'Coffee & Climate Chat' at the Stars Pop-up shop between 10 – 2 on Saturday, 3rd October, or the 'Coffee & Climate Chats' at the Discovery Centre (details via Lightfoot's emails)

- **Take simple steps – be safer, more comfortable, save money**

Read the '*Simple Steps for Better Adaption*' document available via a link on Lightfoot's Resilience website:-

<https://lightfootenterprises.org/climate-action-group/resilience/>

- **Get involved – help make life better for your community**

- Also on Lightfoot's Resilience page, check-out the list of relevant local groups to see if one interests you.
- And while you're there, have a look at the Community Resilience Paper – and let us have any suggestions.
- Explore Lightfoot's other projects to see if one interests you. These include:-'BC Climate Action Group', 'Going Wild in BC', 'Food Forward', 'Community Wind Energy' or the upcoming 'Resilience' initiative.
- Join Lightfoot's Board to help steer its direction. (Monthly on-line meetings)
- Or just get in touch with any ideas or questions you have:- e-mail: <info@lightfootenterprises.org>

Petitions

UK Parliament and UK Government

The UK faces growing risks from climate and nature breakdown - from extreme weather to economic disruption and national security threats. Yet the public has never been given a clear national briefing on the scale of these risks. Government should hold an emergency briefing from leading experts.
